Individual analysis

At CST Tennis Travel we believe in quality. 12 is the CST magic number of participants. For many sessions you will be 3 players + Pim-Pim and/or Leif and professional hitters. You will have many opportunities to get personal tips and high tempo hours. Being on court with a former top 10 ATP ranked player does not come knocking very often. Let's not forget Leif was on the Davis Cup team and beat Stan Smith in SO some years back, Stan was number one at the time.

Top-quality destination

CST has selected the perfect destination for this tennis trip, Puente Romano's spacious Junior Suites are located minutes walk away from the stunning Puente Romano tennis club. You will have access to several pools, fully equipped gym and several healthy lunch options. Regularly and professionally maintained clay courts will your place of business. See you on court!
